

Strategist

Bring a problem you need to solve, a company or product that needs a name, or an event challenge, and I'm on board to brainstorm solutions for you and your brand.

Traveler

Asia, the Middle East, Europe, and throughout the US, I love connecting with people across cultures and creating meaningful itineraries for others. My passport is always current.

Project Manager

Prioritizing workflow, keeping all the details straight, and delegating tasks to the people who are best suited to them? I'm on it.

Creative

Wordplay is my jam. I also dabble in design, drawing and watercolors, printmaking, calendar design, and documentary filmmaking. Sharing beautiful new creations never gets old.

Community Builder

I value my small town roots and make an effort to invest in my neighborhood and local economy. I'm ready to be an engaged member of a great community.

People Connector

Introducing people with common interests is my favorite thing to do. I love creating events and spaces where individuals can find their tribe.
